Relevant concepts

An armed security guard service shall protect the operation of the state and the facilities and consignments that are of vital importance for supplying the population, with the exception of the activities, where the law enforcement agencies and the National Taxation and Customs Administration are not bound by the law, but the guarding and protecting of the public security or national wealth is justified.

In particular:

- a) the security of the State and the institution of national defence;
- b) airports dealing with international passenger or freight traffic;
- c) activities related to the use, manufacture, storage, distribution and transportation of explosive, highly flammable, toxic and hazardous substances which may cause a disaster, as well as statutory nuclear and other radioactive materials and nuclear installations;
- d) elements of infrastructure and public utilities that ensure the basic necessity of the population;
- e) national, cultural values of particular importance;
- f) the priority facility of the postal service provider, the central facility of public radio and television and telecommunication systems.

The procedure for establishing or terminating an armed security guard service may be initiated by a relevant minister in the facility or activity, a notary of a relevant local government, a police officer, an operator of the facility, a holder or an agent of the activity.

The order of guarding, the establishment, operation and termination of the armed security guard service, and the approval of the Armed Security Guardwatch documents shall be decided upon by the Police.
