How to place a notification

Fireworks articles – up to a total of max. 20 kg of net active agent substance - belonging to the 1-3 class of pyrotechnic products in compliance with the requirements set forth in the Fvt. and the Government decree, can be used with no license by the responsible pyrotechnician of an enterprise eligible to submit an application for the *usage license*, but with a prior notification.

The notification shall be addressed by the enterprise to the Police headquarters relevant to the site of the action by the filing of the electronic form provided for this purpose, at least 8 and at most 30 days prior to the commencement of use.

Eligible enterprise to apply for a license:

Permission is granted to an enterprise (sole trader, limited company, business association) whose member, employee or at least one person involved personally in the performance or management of civilian pyrotechnical activity, or a person who under a civil law has a contract with the enterprise, for its benefit, shall be a pyrotechnician complying with the requirements of the *Rules of Civilian Pyrotechnics*.

Procedural costs

The fee for the application is HUF 3,000 (three thousand)

The fee shall be paid by transfer to the account number of the County (or Capital) Police Headquarters whose jurisdiction covers the case and the location, either in advance or subsequently.

Account numbers listed in table 2. and 4. of information contained on next link: [az űrlapbenyújtáshoz kapcsolódó fizetési kötelezettségek teljesítéséhez](#)

Referring the case number, the Administrative Service Fee can be paid by bank transfer or via the Electronic Payment and Settlement System (EFER) via online bank card payment (VPOS).

In the case bank transfer, the information field must contain the registration number returned after the automatic registration, which is a case number consisting of the following positions:

X X X X X - X X X / X X X / X X X X. pr. (e.g.: 19000-140/111/2019. pr.)

Attachments to be added to the notification

1. Scale illustration of the plot of land affected by pyrotechnic activity

Dimensioned illustration: a scaled drawing of the location of use that clearly shows the following (statutory) data and shows that the unit length in the drawing corresponds to the distance in reality.

The floor plan shall specify the following:

1. Installation of location
 2. protective area shall not be less than the area defined in Section 11 (6) of the Government decree.
 3. area to be closed
 4. environmental hazards
 5. buildings
 6. orientation in relation to the points of the compass
 7. escape routes
2. Declaration of consent of the use of the pyrotechnic article by the holder of the facility, area, the Council official or curator responsible for works of art or monuments of either civic or private ownership that could be damaged by a firework display or his representative,
- Observation:
1. The area, workmanship and facility used during the operation do not only refer to the site of the operation, but also include the controlled area (s) to be closed.

2. During the operation, the controlled area (to be closed) is the same size as or larger than the protective area.

Important: The application shall be accompanied by a declaration of consent from the holder of the controlled area (to be closed), or his representative, or from the Council official or curator responsible for works of art or monuments of either civic or private ownership that could be damaged by a firework display whose facility is located in the controlled area (to be closed), or from his representative.

3. Declaration on the existence of conditions for the transportation of dangerous goods in compliance with the delivery method of pyrotechnic articles.
4. Declaration by the pyrotechnician responsible for the use of the pyrotechnic article for the date and time of application or application for another use within 5 hours of the intended use for the day and the time period specified in the application.
5. Copy of a pyrotechnician certificate
6. Copy of a special fire prevention exam certificate
7. In case of advance payment, proof of the transferred fee

Processing the notification

When during the processing of the notification it is established that the eligible client has submitted the notification in full to the relevant authority or has fulfilled the request for a correction, and the conditions of the safe pyrotechnic activity in compliance with the regulations are met, the Police shall authorize the activity in a decision. The floor plan shall be attached to the licence (decision).

If, on the basis of the notification, the conditions of the safe pyrotechnic activity in accordance with the provisions of the law are not ensured, the Police shall prohibit it at least 2 days prior to the commencement of use.
