RI-0520	Notification of organizations conducting training in or organizing parachute jumping exercises on third-country nationals' aircraft pilot training, participation in parachute jumping training and performance of parachute jumps

This information is effective as of 1 January 2018.

Information

In accordance with Section 32 subsection 1 of Act XCVII of 1995 on air navigation, participation of third-country nationals in aircraft pilot training, as well as during performing parachute jumps and parachute jumping training, shall be reported in writing, at least six day prior to the training or jump, to the relevant police department by the organization conducting training in or organizing parachute jumping exercises.

It is obligatory that details of each individual are submitted in a separate form – in the case of electronic formats – exclusively via the company portal (in an identifiable manner).

The general law enforcement authority shall simultaneously send the notification within 24 hours upon its receipt to the counterterrorism center for the purpose of investigating terrorist threats, and to the Constitution Protection Office for the purpose of investigating national security interests.

The counterterrorism centre and the Constitution Protection Office shall send, within not later than 48 hours upon the receipt of the notification, their expert's report to the general law enforcement authority.

The general law enforcement authority, for public security purposes or on the basis of the expert's report issued by the counterterrorism centre and the Constitution Protection Office, can prohibit the training or the jump, the decision on which shall be communicated to the customer within 24 hours upon the expert's report(s) having been received.

Regarding the decision made by the general law enforcement authority, and within three days upon its receipt, the customer can make an application for administrative proceedings by

filling out the **ÁNYK form TK-120101**. The decision by the police department must be attached to the application.
