Procedure

Based on the provisions of Section 6. (1) of Act CCXXII. of 2015. on the general rules of electronic administration and trust services, this form can be used in the case of data requests regulated in Section 91/P. of Act XXXIV. of 1994. on the Police (hereinafter: Rtv.).

Pursuant to paragraphs (1), (2) and (3) of Section 91/P. of the Rtv. during a road accident involving police action, upon the written request of the person concerned, the Police will issue a certificate:

- the names and addresses of the other persons involved in the accident, as well as their notification addresses,
- on the name of a legal person, an organization without legal personality, and the address of its headquarters (location),
- about the vehicle's official registration number,
- about the number of the compulsory motor vehicle liability insurance policy and the name of the insurance company, or
- about the time and place of the accident.

Lodging the request

The request for the data request must be submitted to the police agency that takes action (competent according to the location of the road accident).

Affected may be:

- who was involved in a road traffic accident,
- who suffered a financial disadvantage due to the road traffic accident (damage to his vehicle, clothing, luggage, real estate, etc.),
- who has lost profits and lost income due to the road traffic accident,
- who had their personal rights violated as a result of the road traffic accident,
- the insurance company conducting the claims settlement procedure

Administrative fees

Based on Act XCIII. of 1990. on Fees (hereinafter: Itv.), data requests are duty-free.

Processing the request

The deadline for fulfilling the data request is 60 days.

If criminal or infringement proceedings have been initiated in connection with the road traffic accident that is the subject of the data request, the request will be forwarded to the authority handling the case. In this case, the legal status of the data subject and, consequently, the scope and date of the transferable data are determined by the procedural rules.
